Dear first year students, dear you,

Welcome to the study Pharmacy. We are convinced that you have made a great choice to study Pharmacy here in Groningen. Before you start studying and dive into study books and lectures there will be an Introduction Day and Introduction Camp. Here you will get to know the faculty, the study association G.F.S.V. "Pharmaciae Sacrum" (P.S.) and your fellow students. The organization of these two activities are the responsibility of the First-years Introduction Committee (Eerstejaars Introductie Commissie (EIK)). This amazing committee consists of Mirte, Thirsa, Floris, Annelie, Rodric and Bin. We have named our committee "Lekker BelangrEIK" which is (sarcastic) Dutch for very important.

The Introduction Day will take place on the 30th of August, a Friday. The day will start with a short introductory lecture. After that you will meet with your P.S. dad(s) and/or mom(s), who will guide you on a tour through the faculty buildings. After the tour we will have a pubquiz at "Café De Toeter". This is the pub where the study association meets every month for the social drink. After the pubquiz you will go with your P.S. dad(s) and/or mom(s) to have dinner. To conclude the day there will be an amazing party!

After the first week of lectures we will travel to Bakkeveen for the Introduction Camp. This is the best way to get to know your fellow students! The weekend will be stuffed with fun games, parties and other activities. On Saturday all other committees of P.S. will come over to host some fun games and get to know you as first year students and vice versa. Some of the committees will still be looking for members to join them, for which you will be able to sign up during the afternoon, should you be interested.

We hope to see all of you at the Introduction Day and the unforgettable Introduction Camp!

Greetings from the EIK!

EIK 2019

Dear first year students,

You have made the best decision of your life with studying Pharmacy and joining Pharmaciae Sacrum! Now your journey can begin. Not only the study is fantastic, also the city of Groningen is awesome. The bars have no closing times and are very cheap.

We are the Helping Committee and we name ourselves HC Heikneuters. Because by the western part of Holland we are seen as farmers. We will help the EIK committee with organizing the Faculty Introduction Day and the Introduction Camp, which you can attend after the first week of lectures.

Our names are Martijn Hagedoorn and Lotte Hulskotte and we are currently students in the master Pharmacy. Together with our P.S.-moms and dads we will introduce you to the student life; showing you the faculty, the city, the pubs and a lot more! We highly recommend you to join the Introduction Camp because you will get to know all your fellow students a lot better and make tons of new friends.

We want to wish you good luck with studying and of course exploring the student life. If you have questions about anything, feel free to ask us.

See you soon!

HC Heikneuters,

Martijn and Lotte

De Toeter

Whisk(e)y- & Speciaalbiercafé

WHISK(E)Y- & SPECIAALBIERCAFÉ DE TOETER

Kom gezellig borrelen in De Toeter aan de Turfsingel 6 in Groningen!

Wij garanderen kwaliteit met goede service en de keuze uit een ruim assortiment aan Single Malt Whisk(e)y's, 19 bieren van de tap en meer dan 200 bieren op de fles.

Probeer ook eens één van onze verrukkelijke tapasplankjes of met zorg bereide Bier- & Spijscombinaties.

Wellicht lijkt het jou en je gezelschap leuk om mee te quizen met één van onze wekelijkse Pubquizen op woensdag om 20.00u en/of op zondag om 19.00u? Op zondagavond vanaf 22.00u is er Special Sunday met speciaalbier en whisk(e)y's voor de helft van de prijs.

Daarbij is er iedere 1e donderdag v/d maand de Pop & Showbizquiz!

De Toeter.. een belevenis om van te genieten!

Kijk voor meer informatie op www.cafedetoeter.nl

The Introduction Day

The Introduction Day will take place on Friday the 30th of August 2019. There is a welcome with coffee and tea in the hall of the UMCG (A. Deusinglaan2) from/at 10.00 a.m. It is possible to register for the Introduction Day (and the Introduction Camp) during this welcome. But we strongly recommend to sign up beforehand via the site (see page 10).

At 10.30 a.m. we are going to start! In the Faberzaal some things will be told about the study Pharmacy. Also a few committees and the board of the student association G.F.S.V. "Pharmaciae Sacrum" (P.S.) will introduce themselves. Afterwards there will be a lunch and a tour around the faculty, where again there is an opportunity to become a member of G.F.S.V. "Pharmaciae Sacrum". People that are a member of the student association can buy books with discount and of course you can join awesome activities. The books can be ordered during the tour. During the tour you will also do your first pharmaceutical mini-practical! Last but not least at the end of the afternoon there is a pubquiz in Café de Toeter (to end the afternoon in good spirits).

In the evening there is the possibility to have dinner with your P.S.mom(s) and/or dad(s) and the party will start at 09.30 p.m.

The Introduction Camp

This year the Introduction Camp will be hold on the 6th, 7th and 8th of September in Bakkeveen. This Introduction Camp will be a great moment to meet your fellow students (and possible new friends) and explore the awesome world of G.F.S.V. "Pharmaciae Sacrum" (P.S.). Besides, you will meet the committees of P.S. and many other members of the study association. There will also be lots of activities and memorable theme parties organized!

The busses will leave at 5 o'clock on Friday 6 September. So be on time, because you do not want to miss this weekend.

Friday 6 September

16.45 Gathering at Central Station Groningen

17.00 Leaving of the busses

19.00 Dinner

20.30 EJC-game

22.30 Activity

23.00 Theme party

Saturday 7 September

08.00 Waking up

09.00 Breakfast

10.00 Activity and lunch

14.00 Returning to the camp

16.00 Meeting the committees

19.30 Dinner

22.00 Theme party

Sunday 8 September

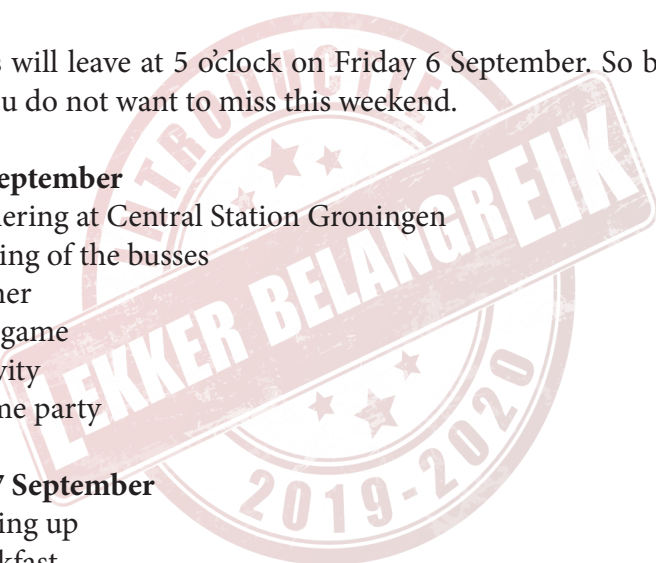

09.30 Waking up

10.00 Breakfast

11.00 Cleaning up

12.30 Choosing of the new EJC and group picture

13.15 Leaving of the busses

Packing list Introduction Day/Camp

Packing list for the Introduction Day

- (cash)money
- A bike is handy, but not necessary
- Outfit for the theme party: "EIK is blessed with Oktoberfest."

Packing list for the Introduction Camp

- Cash for drinks at the parties
- ID (for alcohol wristbands)
- Sheet
- Pillowcase
- Sleeping bag/duvet
- Toiletries
- Pajamas
- Towel & flip-flops for the shower
- Plate/Cup/Cutlery
- Old tea towels & towels
- Swimwear
- Flashlight
- Medication (if necessary)
- Old clothes that you don't mind getting dirty & a plastic bag
- Comfortable (old) shoes
- Eggs
- Costume for the party on Friday evening: "Crime Scene Escalation"
- Costume for the party on Saturday evening: "Saturday night fever"

The enrollment

You can sign in for the Introduction Day and/or Introduction Camp by going to www.psg groningen.nl. The registration for the Introduction Day and Introduction Camp are both separate. So if you want to go to both activities, you need to sign in for both! At the beginning of the Introduction Day there is the possibility to sign in for the Introduction Day and/or Introduction Camp. But signing in via the website is the easiest way to do it. The costs for the Introduction Day, the lunch, the dinner at the P.S.-daddy(s) and/or mommie(s) and the party is €12,50. The costs for the Introduction Camp is €40,00. If you want to go to the Introduction Day as well as the Introduction Camp, you pay €52,50.

These costs will be debited from your account by means of an automatic collection. It is recommended to go to both the Introduction Day and the Introduction Camp. At the Introduction Day essential information will be given for a good start of your study year and the Introduction Camp is THE opportunity to get to know your fellow students better.

If you have any questions (about the registration), email us via board@psg groningen.nl or call the treasurer: 06-15395534.

Dear freshman,

May I ask you a question? What is the reason that you enrolled for the study Pharmacy? I bet you like biology and chemistry and have an above average interest in healthcare. You will be curious about how medicines are made, how they work and how safe they are. Is that correct? Then you are in the right place now!

You are at the very start of joining our internationally oriented Pharmacy bachelor programme which perfectly prepares you to pursue your studies with a connecting master programme, such as our Pharmacy master or our Medical Pharmaceutical Sciences master.

Research and teaching are intertwined in our curricula, offering you a perfect environment for academic training and shaping. We educate both pharmacists and pharmaceutical scientists who will be employed either as healthcare providers in community or hospital Pharmacy or as researchers in academia or in the pharmaceutical industry. But there are more attractive career opportunities after your graduation. Job security for our graduates is very good, anyway.

In the first year of the bachelor programme you will follow courses that create a solid scientific basis for further extension into the pharmaceutical direction. Also, you will digest information from different branches of the pharmaceutical domain, as the propaedeutic year helps you to orientate on the sequel of your studies as well as on professional opportunities. In year two you have to choose for either the major Pharmacy or the major Medical Pharmaceutical Sciences, depending on your personal interest and future plans. A choice of elective courses allows you to personalize your study programme to some extent; you are responsible for your own study programme. Finally, you will join international learning communities, exchange knowledge and experience with your colleague students and with our dedicated teaching staff. Enjoy and take advantage of encountering different cultures and backgrounds.

Starting a study at the university may feel like entering a new world. There are many changes: a new environment, new people, a different way of teaching. You will get used to it quickly, but in case of problems our staff is there to help and to advise. Do not hesitate to ask support if you feel you may need it. Last but not least, I strongly recommend you to join Pharmaciae Sacrum, the Pharmacy students association in Groningen. Pharmaciae Sacrum organises social events that are important to promote contact with your fellow students and offers activities that support the teaching programme.

I warmly welcome you at the University of Groningen and hope you will feel comfortable and at home with us!

Kind regards,
Herman Woerdenbag
Programme Director BSc Pharmacy

Welcome to Pharmacy, on behalf of the Education Support Centre

The Education Support Centre (ESC) welcomes you to the Pharmacy programme. The ESC is available for students and teachers. Together, we make education possible. We would like to inform you about who we are and how you can reach us.

The ESC is located both in the Bernoulliborg on the Zernike Campus and at the A. Deusinglaan (abbreviated as “ADL”, UMCG-Noord). When you study Pharmacy, you will usually have contact with the ESC team that is located at ADL. Here you will find the academic advisors (Lisette Klein and Mirjan van Timmeren), the educational programme coordinator (Lidia Westers) and the student administration (Bettina Fontein and Margriet Hulshof). Our secretaries (Janine Buitendijk and Hester Bathoorn) support this team.

The ESC, together with Herman Woerdenbag (Deputy Director of Pharmacy bachelor education) and Practicumbeheer Farmacie, organise the education from timetable to the course evaluations. Of course, the ESC - location ADL is also there for the student, from information activities, checking study results to graduation ceremonies and everything in between and beyond. We welcome you to come by for all your questions.

JE LOOPBAAN START MET HET MEDISCH STUDENTENPAKKET

Volg je een medische studie? Dan duurt jouw opleiding langer dan de meeste andere. Regel je bankzaken daarom in één keer goed, zodat je er tijdens je studie geen omkijken naar hebt. Voor jou is er het Medisch Studenten Pakket; speciaal voor studenten geneeskunde, tandheelkunde, diergeneeskunde en farmacie. Wil je een Medisch Studenten Pakket? Regel het snel bij een ABN AMRO kantoor. Of bij een van de medische faculteitsschops in de studentensteden. **Meer informatie vind je op abnamro.nl/medischestudent**

DE BANK ANNO NU

ABN·AMRO

Dear freshmen,

We would like to welcome you to the study Pharmacy. In the coming years your lives will be dedicated to pharmacy. At this moment you stand at the beginning of your study career, a switch that will have great impact on your life. A study of six years sounds like a long time, but we can assure you from our own experience that this time flies. It is therefore important to enjoy all the great moments that lie ahead. Our study association would like to be a part of these great moments through the many activities we organise.

Our study association is known by the name G.F.S.V. "Pharmaciae Sacrum" (also known as P.S.) and is the association for all Pharmacy students and students in studies related to Pharmacy. Our association is founded in 1881, which means it is the oldest study association in Groningen and the second oldest in the Netherlands. We are very proud that our association is this old.

As a study association, we can offer you a great number of things. Firstly, we sell study books at reduced prices via the Books Foundation, and all the necessary accessories for the different practical courses you will follow in your years in Pharmacy. Last but not least, our study association organizes many social activities, workshops and informative activities.

You will get to know our association for the first time on the Faculty Introduction Day, which will be on Friday, August 30. On this day we will introduce you to our faculty, and this will also be the perfect opportunity to meet your fellow students. Also, on this day we will show you what you can find us every day. You are always welcome at our boardroom (het Hok) for a free cup of coffee, to have lunch, or to play a game. Besides that, we are always available for questions. Our door is (almost) always open on weekdays from 9.30 to 17.00.

After the tour of the faculty the time has come to get to know your fellow students and the city of Groningen. First we will go to the customary location for our social drinks to play a pubquiz, while enjoying a beer. After the pubquiz you and your group will go to the home of your P.S.-mom or P.S.-dad for dinner and to get ready for the introduction party.

In the weekend of 6 to 8 September the First-Year Introduction Camp will take place. This is a great place to get to know your fellow students better. The program of this weekend is set up by the Introduction Committee and consists of, among other things, the meeting of many of our committees.

We would like you to have fun during the introductory period and the study Pharmacy. We are looking forward to seeing you at the Faculty Introduction Day, the Introduction Camp or throughout the year at one of the other activities of our association.

Kind regards,

The 138th board of G.F.S.V. "Pharmaciae Sacrum"

EIK 2019

Dear first-year Pharmacy students,

I can still remember my first day as a student well. It was very exciting and lots of fun. At this moment you start a new phase in your life; the student life. As a student, there is plenty of time and opportunities to meet new people, discover new things and develop yourself. During this weekend you will get to know your fellow students and the study association 'Pharmaciae Sacrum'. Besides, you will get to know the K.N.P.S.V.

The K.N.P.V. is the Royal Dutch Pharmaceutical Student Association. It is the national association that represents all the (bio)pharmacy students in The Netherlands. The K.N.P.S.V. consists of three departments: "Pharmaciae Sacrum" from Groningen, „Aesculapius" from Leiden and "Unitas Pharmaceuticorum" from Utrecht. Furthermore, the Association for Chemistry Students of the Open University of Amsterdam (VCSVU) is a trial member of the K.N.P.S.V. The K.N.P.S.V. organizes several activities to bring (bio)pharmacy students in the Netherlands together. Amongst other activities, the K.N.P.S.V. organizes an annual Congress, an exchange and a Personal Development Day. The activities contain a social program as well as an educational program. All of this is organized by multiple committees consisting of members of different years and sometimes even from different departments. If you are interested in organizing an activity together with fellow students it is possible to take place in a committee.

Besides activities, we have an association magazine which consists of scientific articles, reports of the activities of the K.N.P.S.V. and the agenda with upcoming activities. We can offer you several international possibilities and bring you in contact with professional associations. The K.N.P.S.V. has contact with the European Pharmaceutical Students' association (EPSA) and the International Pharmaceutical Students' Federation (IPSF). Twice a year an international congress of EPSA is organized, each time in a different country. In collaboration with IPSE, members of K.N.P.S.V. have the possibility to do an internship abroad with the Student Exchange Program (SEP). Each year during the summer holiday, IPSF organizes an international congress. Furthermore, the K.N.P.S.V. has good contact with the different professional associations. The K.N.P.S.V. offers the opportunity to run internships in a community Pharmacy, hospital Pharmacy and the pharmaceutical industry.

The K.N.P.S.V. board consists of five students and is in a different city each year. This year the K.N.P.S.V. board comes from Utrecht. Together with the other board members: Inge, Ellen, Bram and Eline we will be at several P.S. activities. You can recognize us on the red shirts with blue cardigans. Come chat with us and ask your questions!

We are looking forward to the introduction camp and we hope to meet you there!

On behalf of the 117th board of the K.N.P.S.V.

Elvira den Hertog

h.t. president

EIK 2019

Dear freshmen,

We are the Almanac committee. This means that we will make an almanac of the past year full of pieces of text written by various people, a photo report of all P.S. activities, an overview of the news of the past year and of course the members of Pharmaciae Sacrum. Our committee is formed in March and consists of 6 persons who will all work together to make the best almanac possible. Together with the Dies committee we will organise a party called the AlDi-party during which we will present the almanac that we have been working on for the past year to everyone. This party will take place on the twelfth of the twelfth (de twaalfde van de twaalfde) which is the birthday of Pharmaciae Sacrum. You can get your own almanac at this party and all of us will write a little something for you in it. All the freshmen, including you, will be in the almanac as well as the older members of P.S.. During this evening the Dies will also reveal something, namely their theme and schedule of the Dies week.

Being a member of a committee at P.S. is very fun, you will get to know your fellow committee members and you will learn a lot.

Love,

The 34th Almanaccommittee

Dear first year pharmacists,

We are the Foreign Trip Committee. Together we organize the most fun and exciting P.S. activity: a four-day excursion to a foreign city. At this moment, we are busy organizing the trip which will take place in April 2020, which destination is still a surprise. Our praeses Lemke pulls the strings and makes sure everybody does what they need to do. Nina, the ab-actis of our committee, takes care of all contact between us and collaborating parties. Our quaestor Daan is responsible for all finances, to make sure everything is paid for and we're not short of money. The assessors I and II, respectively Geeske and Bram, support the others where necessary and share their creativity in order to establish the best foreign trip so far. Every Monday evening, we come together to eat risotto, made by our own chefs Bram and Daan. After dinner, we take our time to discuss about different affairs concerning the foreign trip, to plan it to the last detail. Afterwards, we usually have a drink together and go to 't Vaatje to meet up with other P.S.-members. We are looking forward to organize the foreign trip and of course going on the trip itself.

Kisses, the BECson 5

Dear first year Pharmacy students,

In just a few weeks the long vacation is over and you have to go back to school. This sounds a little bit sad for you, but we can assure you that the best time of your life has begun! In the coming year you will probably enjoy a lot of parties and have little sleep, but you should also pass your tests. We can help you with studying Pharmacy and to get good grades!

The Books Foundation is part of the study association G.F.S.V. "Pharmaciae Sacrum" (P.S.). You can buy your study books for an affordable price from us. Via the webshop on our website "www.psgroningen.nl" you can buy your books anytime you want. The books can be delivered at your home, isn't that nice!? But if you are very busy and you are not always home, you can also pick up your books at the P.S.-boardroom on the faculty. You are always welcome in the P.S.-boardroom for free coffee and tea and of course for lovely conversations.

Besides the study books, we also sell lab coats and other practical supplies. On top of that, P.S. has some beautiful gadgets which you can purchase at the P.S.-board room. Like, cufflinks, P.S.-sweaters and ties, and much more!

For questions, you can always visit the P.S.-boardroom (building 3213 room S06) or send an email to board@psgroningen.nl. We hope to see you all at the P.S.-boardroom!

Kind regards,

The Books Foundation

Anniek Middeldorp and Joeri Teisman

EIK 2019

Dear Freshmen,

We have been asked to introduce ourselves to you for this EIK booklet.

Martijn is the praeses he will take the lead.

Danique is the ab-actis and she ensures that all emails are sent properly.

Evelien is the quaestor, so she is responsible for the money.

Morgan is assessor I and she does not do much.

Haijo is assessor II so he drinks a lot of beers.

Katie is assessor III, which means she does even less than Morgan.

On Monday evening we meet about all the activities that the DIES has to offer.

We then go through this in chronological order. We start at the Scientific

Symposium, for which the theme is of course known by us and still a question

for you. If you would like to discover this, than you can come to the AIDi party.

Then we continue with the reception and the opening party, of course while

enjoying a nice gold beer. Also the cultural evening and the 'Buitendag' will be

discussed. To close the evening and of course the complete dies week we have the

gala dinner and the gala ball (prom). Put the following dates in your agenda: 5

February 2020, 6 February 2020 and 8 February 2020. We look forward to seeing

you then.

With kind regards,

On behalf of the 138th Dies committee of the G.F.S.V "Pharmaciae Sacrum"

Danique Lobée

h.t. ab-actis 138th Dies committee of the G.F.S.V "Pharmaciae Sacrum"

Dear first years,

EJC is short for EersteJaarsCommissie, also known as First Year Committee, the party animals of the first year. The EJC is responsible for the organisation of 4 parties throughout the year for all Pharmacy students. We think of the nice themes like “extase in space” and “Golf pro’s and hockeyhoes” and fix the best locations in Groningen. What makes the EJC so special is that it only consists of first year students. So you as first year student of Pharmacy have a chance to be a member of the 2019-2020 EJC! Don’t be scared of commitment a committee will bring, because the EJC is only fun and organizing a party is really easy. Our committee is also a great way to discover P.S. and get to know new people. Just like all the other committees of Pharmaciae Sacrum, we have our committee evening every monday. Here we eat together while enjoying some cold beers. In the meanwhile we fix locations for upcoming parties. Eventually when all this hard work is over we proceed to some beerpong contests and going to the rats.

Best regards,
EJC “Adt Dies Vitae”

EIK 2019

Dear first years,

The End-of-Schoolyear Camp (JAK) organizes the most amazing camp at the end of the year. The camp is for everyone who wants to have a nice weekend. We will party for three days with students from all the years of the study Pharmacy. There is always fun and you get to know people from different years.

On our camp, we cycled to Luddeweer where we planted our tents between the meadows and cows. The camp started on Friday with fries and a snack, after which we went nuts during the first theme party. On Saturday we organized the outdoor day. This year we went to DX Adventurepark. This park has been opened recently and is the biggest open aquapark from the Netherlands! We flew off ramps of 7, 9 and 11 meters high for two hours. After this, we slid, climbed and balanced an hour in the aquapark. The participants could also launch each other from the blob and the big airbag. Besides this, the participants could chill on the beach. Back at the camping, we started the evening with a Beer Bingo and a barbecue. After this, we went crazy during the second theme party. On Sunday morning we went back to Groningen, so everyone could go to their parents.

It simply is an amazing weekend.

Hello freshmen,

We are the Liefdadigheid, Ontspanning, Sportcommissie (LOS), also known as the Charity, Relaxation and Sports committee. We organise different activities in a year. The first activity the LOS organises is the Sport and Relaxation evening during where a sports and relaxing activity is organized. Last year we went to Kardingse to play beach volleyball and afterwards we went discobowling. In between these activities we ate burgers. One of the activities the LOS is also responsible for, is the RijWielPrestatieTocht (RWPT) or Bicycle Performance Tour. This is the oldest activity of Pharmaciae Sacrum. The goal is to organise a cycling tour for all members of P.S. with different games, an afternoon activity, a dinner and a drink afterwards, concluding in a perfect day for all members. Furthermore, charity plays a role in the LOS committee. This is why a charity-evening is planned. Last year we raised money for the 'Hersenstichting' by holding an auction. This was a very successful evening, with different things to auction: a BBQ, a paintball session, a date and so on. The LOS committee consists of 5 persons. It is a really nice committee to start with. So if you are interested don't hesitate, but sign in!

Love,

Liefdadigheid, Ontspanning en Sportcommissie 'LOSlopend Wild'

EIK 2019

Dear new students,

We are the Multi Media Committee (MMC) and we are the ones responsible for capturing all the unforgettable moments on camera for you to relive the nights you may never forget/remember. Besides, we make sure every Pharmacy student will stay up to date with all the upcoming activities as we create the posters for Pharmaciae Sacrum that are put all over the UMCG. Hence, if other committees are organising activities, they can contact us to make posters for these activities. Furthermore, as a member of the MMC, you will have the opportunity to come up with new concepts for creating videos, workshops and anything that is related to media and creativity. Joining a committee will also enable you to gain more knowledge about the bachelor and master degree, because you have many opportunities to get to know students from all different years of their educational training. Therefore, we would highly recommend you to join a committee, and in particular the Multi Media Committee. A committee will become a close groups of friends composed of people that have completely different foundations and thus makes an intriguing fusion. We hope to see your novel faces again any time soon.

MMC “The Influencers”

EIK 2019

Dear firstyears,

We are the editorialcommittee also known as the “Redactiecommissie” and we have the honour to create our magazine “Foliolum”. It is published 4 times every year and it’s used to keep you up to date about the study Pharmacy, our study association “Pharmaciae Sacrum” and other fun ins and outs.

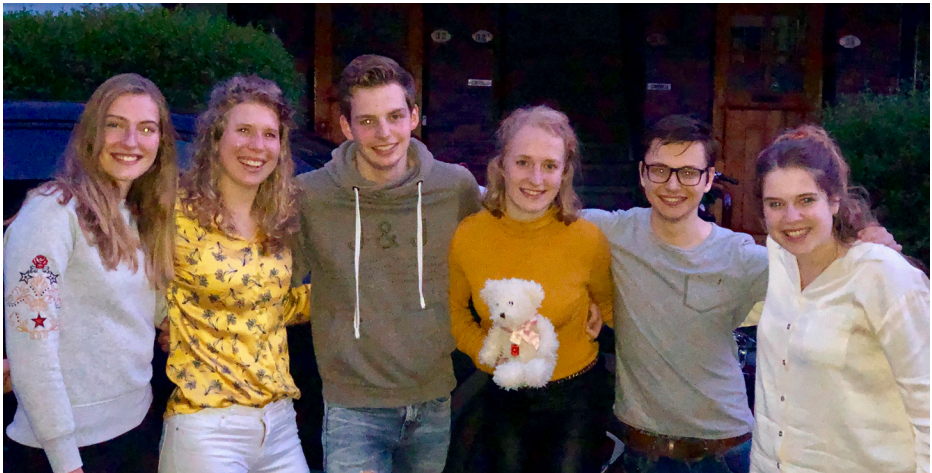

Our committee consists of 6 members. Our Assessor III is Daniël Podlin. Our Assessor II is Tim Pleiter aka Timberland. Our Assessor 1 is Emma van Rijn. Our Quaestor is Manon Wilpshaar. The Ab-actis Wies van Bakel aka “De Mol”. And last but not least our Praeses Nienke Mones aka the ginger.

The most exciting thing about our committee is that we are able to join all the other committees once in a while. We have dinner together and play our amazing boardgame. We also have a special guest with us, this is “Flip de Beer”. He has sleepovers with all the other P.S.-ers!

Hopefully you will all have a wonderful Introduction Day and Camp and we will see you around at one of the many P.S.-activities!

Lots of love,

Redactiecommissie “Foliolum” 2019-2020 Panoramix

EIK 2019

Hello Freshmen,

Welcome to college and the best period of your life! We are the Committee of Pharmaceutical Sciences 'Sur Sum Scutra'. During the academic year this committee organises several diverse activities. Two symposia and a Dutch Company Visit (BBB). Our first symposium was about nanomedicines and the second symposium handled health amongst students. The BBB is a trip at the end of the summer vacation where 35 pharmacy students visit several pharmaceutical companies. These companies help you get in touch with your career opportunities. This year we stopped by the Japanese company Astellas, the Swiss company Roche and finally the Dutch Medicines Evaluation Board (CBG) in Utrecht. This trip also contains a social programme. Last summer we stayed in The Hague for the night(life) with a delicious BBQ and a beach sports tournament beforehand.

We can highly recommend to join a committee and especially the SSS is great to start your P.S.-career!

Have fun on the introduction camp and good luck with your student life!

Student Counsel Pharmacy (STOF) 2018-2019

Chairperson Xantia Heeres
Secretary Annemiek Hijlkema
Assessor Martine Quekel

Dear first year students,

We are members of the Student Counsel Pharmacy (STOF). Pharmacy students can come to us with comments and suggestions about examinations or other study matters. Every two months there is a STOF-meeting where the complaints are discussed and various sections of the department give an update on issues. Each student may attend these meetings, so if you have an opinion about something or you are curious about what is happening within our study, come visit a STOF-meeting.

In addition, every year there are Year Representatives (JV). They are the contact person for people within their own study year. If you run into problems with subjects, teachers, student counselors or anything else, you can go to the Year Representatives. The Year Representatives take these items to the bimonthly STOF-meeting.

The new STOF-committee is searching for Year Representatives for the first year. If you are interested to become the contact person of your year send an email to stof@psgroningen.nl.

Best regards,
on behalf of the STOF-committee,
Xantia

EIK 2019

Dear first year students,

TOC is short for 'Technische Ondersteunde Commissie'. This Technical Supporting Committee takes care of all kinds of technical affair within P.S. Scan the QR-code to see a film about their activities.

Dear first years students,

There are a lot of things happening right now, at the start of your student life. One of these new, fantastic things is “Villa Volonté”. Perhaps you haven’t heard of the phenomenon Volonté yet, but that will change shortly. Volonté is the bar of the medical faculty, run by and for students of Pharmacy, Medicine, Human movement Sciences and Dentistry/Dental Hygiene. For 35 years and counting, students resort at Volonté for drinks, parties and activities! Together with the tappers, we run our bar with much love and joy.

We’ve been present at the Introduction Camp to provide you with the necessary beers, and this year we are ready to serve again! We would really enjoy you having a beer together with us during the introductory camp, but you can also go to the tappers for all your questions surrounding Volonté.

To be Lekker BelangrEIK, we hope to welcome you after the camp at Villa Volonté. It is the place for Pharmacy students to unwind, gather and enjoy a drink. You can feel it coming: you cannot and do not want to avoid Volonté. The door is always open for you at Schuitendiep 86!

Greetings on behalf of all the members,

Jacco van Veen

h.t. Voorzitter der Stichting Sociëteit Volonté

WERKEN BIJ BENU APOTHEEK

Als marktleider bieden wij ambitieuze apothekers aantrekkelijke carrière mogelijkheden.

- Ga aan de slag in een **BENU** Apotheek als beherend of tweede apotheker.
- Ondersteun je apotheker collega's "in het veld" vanuit het hoofdkantoor.
- Kies voor Brocacef Ziekenhuisfarmacie, integrale farmaceutische zorg aan instellingen.
- Of ga werken bij Brocacef Zorglogistiek, waar je ook terecht kunt met een farmaceutische opleiding.

JongeHondenNetwerk

Voor jonge nieuwsgierige professionals hebben wij binnen Brocacef, de moeder-organisatie van **BENU** Apotheken, het JongenHondenNetwerk. Ben je naast een baan ook op zoek naar extra uitdaging? Dan ben je bij het JongenHondenNetwerk aan het juiste adres. Een enthousiaste groep collega's komt periodiek samen om te net-werken en elkaar en de organisatie beter te leren kennen. Ideeën en innovaties worden enthousiast onthaald en vormgegeven. Hier maak je samen het verschil.

Nieuwsgierig naar de mogelijkheden?
